

Fractions of Time

Finding the fractional parts of durations of time is an important skill. Be sure to provide many opportunities for your students to explore fractions of various lengths of time.

The year can easily be divided into twelfths or fourths ~ by the months or the seasons. Weeks give students the chance to work with sevenths. Days can be divided into 24ths by hours.

This activity lets students explore the fractional parts of hours or minutes.

Hello Teachers,

Thank you for downloading this handout. After decades of teaching, now I am sharing some of the activities I designed for my students and some new ones as well.

Please, check out the self-paced teacher education courses on UnCommon-Core.com.

While you are there, sign up for your free copy of **Colorful Collections: A Mindful Exploration of Proper Fractions**.

Also, visit my Teachers Pay Teachers store UnCommon-Core dot com.

Thank you again. All the best,

Isabelle
