Hello Teachers,

Thank you for downloading this handout. After decades of teaching, now I am sharing some of the activities I designed for my students and some new ones as well.

Visit UnCommon-Core.com and sign up for your free copy of *Colorful Collections: A Mindful Exploration of Proper Fractions*. You will also receive Wednesday morning emails with teacher tips, educational ideas, or free copies of products I'm making. You get to use them for free and I get the benefit of your comments and suggestions!

Also, visit my Teachers Pay Teachers store UnCommon-Core dot com.

Thank you again. All the best,

Isabelle

Planning and Preparation

Thank you for choosing Pirate Gold: Multiplication Task Cards. You can use these 48 cards as the basis of a small group or whole class lesson. Alternatively, they would make a great anchor activity.

Each crew keeps a different number of coins in their swag bags so they can total their loot with some quick multiplication and addition. The stories on the back of the cards share key information that students may want to reference as they work.

There are twelve cards for each captain and crew. With few exceptions, the only information that changes is the number of coins in each pouch. Invite your students to think about what does or does not change with each set of cards.

Please test your printer settings to make sure the back and front of the pages are correctly aligned. Consider printing the cards on stiff paper with a different color for each crew. This would give students another clue as to the number of coins in each pouch, and help you sort or organize the cards.

Laminating the task cards is the best way to make sure you can use them for many years to come.

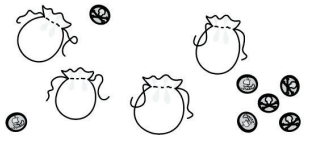

Captain Kate and her crew of eight sail the seas in their pirate boat Octavia. They find treasure or win pieces of eight in boat races. Captain Kate and the crew keep their loot in swag bags.

They keep eight coins in each bag.

There are nine coins in each pouch.
What is the total number of coins?
Answer by writing a number sentence.

Card 44

© 2024 UnCommon-Core.com

Write an addition sentence to show your answer. Remember: multiplication is repeated addition.

Answer KEY
Captain Kate

name:

Card 1. $8+8+8+1=25$	Card 7. $8+8+8+8+3=35$
Card 2. $8+8=16$	Card 8. $8+8+8+8+8=40$
Card 3. $8+8+8+8+7=39$	Card 9. $8+8+8+3=27$
Card 4. $8+8+3=19$	Card 10. $8+8+6=22$
Card 5. $8+8+8+4=28$	Card 11. $8+8+8+8+8+8+2=58$
Card 6. $8+2=10$	Card 12. $8+8+8+8+8+4=52$

Answer Sheet A © 2024 UnCommon-Core.com

$(8 \times 5) + 2 = 40 + 2 = 42$
 Parentheses say, "Do this first!"
 $8 \times (5 + 2) = 8 \times 7 = 56$

Answer KEY
Captain Kate

name:

Use parentheses in your number sentence.

Card 1. $(3 \times 8) + 1 = 25$	Card 7. $(4 \times 8) + 3 = 35$
Card 2. $2 \times 8 = 16$	Card 8. $5 \times 8 = 40$
Card 3. $(4 \times 8) + 7 = 39$	Card 9. $(3 \times 8) + 3 = 27$
Card 4. $(2 \times 8) + 3 = 19$	Card 10. $(2 \times 8) + 6 = 22$
Card 5. $(3 \times 8) + 4 = 28$	Card 11. $(7 \times 8) + 2 = 58$
Card 6. $(1 \times 8) + 2 = 10$	Card 12. $(6 \times 8) + 4 = 52$

Answer Sheet B © 2024 UnCommon-Core.com

There are two answer sheets labeled A and B. They could be printed back to back. Having students complete both sheets lets students directly experience multiplication as repeated addition. Completing both answer sheets also helps students make sense of when to multiply vs. when to add. Another way to use both answer sheets would be to have students complete sheet A the first time they get a card, and complete sheet B when and if they get that same card again.

Depending on the needs of your students' needs, assign some math groups Answer Sheet A and others Answer Sheet B.

After you decide which answer sheets to use, you might make a packet for each student.

Staple together:

- The student cover followed by
- The answer sheets in order from 1 to 48 with
- The scratch paper at the end.

I hope that your students benefit from using these task cards and that you enjoy them, too. Please send me your questions and comments,

All the best,

Isabelle

Isabelle@UnCommon-Core.com

Eagle-eyed students will notice that some numbers on each answer sheet are in bold print. Challenge them to figure out why. (Multiples of the number of coins each crew keeps in their swag bags are printed in bold.)

Ye Olde Reckoning Paper

name:

Write an addition sentence to show your answer. Remember: multiplication is repeated addition.

Answer KEY Captain Kate

name:

Card 1.

$$8+8+8+1=25$$

Card 2.

$$8+8=16$$

Card 3.

$$8+8+8+8+7=39$$

Card 4.

$$8+8+3=19$$

Card 5.

$$8+8+8+4=28$$

Card 6.

$$8+2=10$$

Card 7.

$$8+8+8+8+3=35$$

Card 8.

$$8+8+8+8+8=40$$

Card 9.

$$8+8+8+3=27$$

Card 10.

$$8+8+6=22$$

Card 11.

$$8+8+8+8+8+8+2=52$$

Card 12.

$$8+8+8+8+8+8+4=52$$

$$(8 \times 5) + 2 = 40 + 2 = 42$$

Parentheses say, "Do this first!"

$$8 \times (5 + 2) = 8 \times 7 = 56$$

Answer KEY Captain Kate

name:

Use parentheses in your number sentences.

Card 1.

$$(3 \times 8) + 1 = 25$$

Card 2.

$$2 \times 8 = 16$$

Card 3.

$$(4 \times 8) + 7 = 39$$

Card 4.

$$(2 \times 8) + 3 = 19$$

Card 5.

$$(3 \times 8) + 4 = 28$$

Card 6.

$$(1 \times 8) + 2 = 10$$

Card 7.

$$(4 \times 8) + 3 = 35$$

Card 8.

$$5 \times 8 = 40$$

Card 9.

$$(3 \times 8) + 3 = 27$$

Card 10.

$$(2 \times 8) + 6 = 22$$

Card 11.

$$(7 \times 8) + 2 = 58$$

Card 12.

$$(6 \times 8) + 4 = 52$$

Write an addition sentence to show your answer. Remember: multiplication is repeated addition.
